CERTIFICATE OF COMPLIANCE

Certificate Number Report Reference Issue Date 20121231-E58882 E58882-20090620 2012-DECEMBER-31

Issued to: BAY MOTOR PRODUCTS INC 3100 CASS RD PO BOX 982 TRAVERSE CITY MI 49685

This is to certify that representative samples of

COMPONENT - THERMAL-DEVICE-PROTECTED MOTORS See Addendum Page for Models

Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.

Standard(s) for Safety:	UL 1004, Standard for Electric Motors UL 2111, Standard for Overheating Protector for Motors
Additional Information:	See the UL Online Certifications Directory at www.ul.com/database for additional information

Only those products bearing the UL Recognized Component Mark should be considered as being covered by UL's Recognition and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark: **N**, may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Recognized Component Mark on the product.

CERTIFICATE OF COMPLIANCE

Certificate Number Report Reference Issue Date 20121231-E58882 E58882-20090620 2012-DECEMBER-31

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements.

Component Type 12X Motor Protective Device in Class B insulated 5A series motors Motor Model(#):5A-144, 5A-145, 5A-140, 5A-141,, 5A-142, 5A-143, 5A-149

- Followed by additional suffix letters and numbers

+ - Motors rated 120V may be alternatively marked 115V. Motors rated 240V may be alternatively rated 230 V

- Motors covered by this Report shall bear a single current rating that is between the numbers correlating to the voltage rating (e.g. a 5A-149, 120V motor will have a current rating between 0.69A and 2.69A)
